### Rules:

1. You will need a copy of Driver's License and one parent and a light bill or phone bill. If the player was grandfathered in from last year a copy of last year's roster with the player's name highlighted, must be in the sleeve of the certification book in place of the verification of address.
2. All children who were on rosters last year that played in a different Association than their boundary last season must stay with that Association.
3. If you are in a neutral zone you must remain in the Association in which you played last season unless you are moving to a new Association just coming into the conference and you must be within the boundary (exclusive or neutral) of that Association.
4. Parents that have joint custody but live in different boundaries will play in the boundary in which the player attends school.
5. If you own multiple homes in more than one boundary, you must play in the Association where you attend school and have permanent residence.
6. Once a team is full, an Association may release that child for one season only and no further players may be added to that roster. The player must return to the Association the following season.
7. No jumping over an Association to go to another Association (applies to neutral boundaries and programs that are full and sending a player to another Association)
